Lightning Deck

AUTOMATED TESTING OF OUR WEB APPLICATIONS

ORIGINAL GOALS OF AUTOMATING

▸ Provide Happy Path automated test coverage of all Extranet functions (short-term)

▸ Provide Happy Path automated test coverage of all Dealer & Internet functions (long-term).

▸ Early detection of obvious and deeper 'regressions'

▸ Test more frequently, outside of scheduled windows

▸ Test with multiple browsers

▶ Provide detailed report covering full context of any failures incl. screenshots.
